Dear Council Member;

J-93-06-14

Before you is an ordinance requesting approval for two (2) Fire Department vehicles with a total cost of \$261,321.59.

The first vehicle is fire truck. This purchase is an annexation requirement for the Northeast fire station. The cost of the vehicle is \$139,002.87. We are currently using a 1975 fire truck running out of Station 14 until the new station is complete. As soon as this vehicle is available it will be put into service at Station 14 so the 1975 can be moved to another station replacing a 1972 that definitely needs to be replaced. The bid was awarded to Laverne Fire Apparatus in Brandon, SD. They were the lowest and most responsive of two bidders.

The second vehicle is the squad truck. The cost of the new vehicle is \$122,318.72. This purchase will be replacing the current 1977 bread van type truck. The current squad truck is worn down and costing more to repair than its value. The bid was awarded to American Fire & Rescue in Goshen, IN. They were the lowest and most responsive of two bidders.

Funding for these vehicles is through the 1993 Master Lease approved by you earlier. The Fire Department budget has money available for the lease payments.

Sincerely,

Steven Hinton
